

# With your financial support in 2020 we:

Created new highly-accurate life-size silhouettes.

Started planning the next World Owl Conference (now being moved to 2022). We also started a new *Owl Conservation & Research News* e-newsletter to share recent owl publications with researchers and educators around the globe.

Finished acquiring our building site and removed a house!!

Reached nearly 3,000 people from at least 19 countries and 40 states (so far) with our free virtual programs this spring and this fall while our facility was closed.

Co-sponsored a display of kid's owl art at the Museum of Russian Art and had 16 pieces of kids' owl art made into street banners for Houston.

## WE ALSO

- helped transport 21 injured raptors
- educated 8,500 people through live programs on-site and online

## OUR WEBSITE TAUGHT

- 104,000 people why owls don't make good pets
- 8,700 people how to help an injured owl
- 5,000 people how to observe owls respectfully
- 836 people how to live an owl-friendly life

Started a passive acoustic monitoring project to search for Barn Owls in southeastern MN and put up nest boxes.

# With your financial support in 2021 we will:

Develop architectural plans for our future center.

Have at least seven more species of owls mounted.

Keep our owls well-fed at a cost of about \$500/month.

Continue our free Virtual Owl Expert Speaker Series.

Continue planning the next World Owl Conference for 2022 to be held in La Crosse, Wisconsin.

Continue to acoustically monitor Barn Owls in SE MN and put up nest boxes.
