

CAPITAL CAMPAIGN

NAMING OPPORTUNITIES

A Project Hoot Capital Campaign gift is an opportunity to help build a forever home for the owls. Your commitment represents a unique opportunity to be permanently recognized at the International Owl Center facility. We encourage donors to take advantage of these opportunities, either through an outright gift or a pledge. You may also choose to honor a family member or others.

Please review the various opportunities below. Interested individuals, businesses, families, foundations and other groups are invited to contact the International Owl Center for more information. Please contact Karla Bloem at (507) 896-OWLS (6957) or Karla@InternationalOwlCenter.org with questions or for additional information.
